I.2 ADMINISTRATIVE AND ACADEMIC ENROLMENT

For international degree students:

Administrative enrolment

Administration enrolment for international students new to URCA takes place from Wednesday 23 August to Friday 15 September 2017 at the "one-stop counter", Espace Reims Campus, 31 Rue du Général Sarrail, Reims.

You will be given appointments to enrol administratively at the faculty that has accepted your application. Administrative enrolment must be completed before you begin your academic enrolment.

Academic enrolment

This is a COMPULSORY process after your administrative enrolment. Academic enrolment is the process of selecting courses for your upcoming program of study.

You will enrol in seminars (TD) and labs (TP) as well as choose your electives.

Staff members from your department and the Registrar's office will help you with your schedule and choice of classes.

For more information, contact Service des Enseignements et de la Vie Etudiante (SEVE)

seve@univ-reims.fr

Only students officially enrolled (administrative enrolment AND academic enrolment) are allowed to take exams.

After you have received your student ID, you will receive a password to access the wireless network of the university and also your university e-mail account. The university uses this email address to communicate important information so it is strongly recommended to check your university account daily. Your student ID card (multiservice card) gives you access to many university services (student dining halls, sports and cultural activities, university libraries, etc.). It also offers you certain discounts (theatre, cinema, transport, etc.).

Documents to be provided

- diplomas /degrees (original documents) + translation
- transcripts (original documents) + translation
- letter of acceptance (original document)
- passport + student visa
- health record or immunization record

It is recommended that you make photocopies of your official documents and bring along several ID photos. In addition, we recommend that you have your documents translated before leaving your home country since it may be difficult to find sworn translation services for your native language once in France.

RESIDENCE PERMIT (CARTE DE SÉJOUR)

Students from outside the EEC with a study visa must obtain a residence permit at the sous-prefecture of the department where their university campus is situated.

The validity of the residence permit is limited to the validity of your passport and cannot exceed the period of your studies. It is valid for a maximum of one year, but can be renewed.

As soon as possible after arrival, non-EEC students should go to the one-stop counter to begin the application process for a residence permit ("carte de séjour"), which will then be transmitted to the Foreigners' Office of the Prefecture of the Marne.

« One-stop counter » - Guichet unique - Espace Reims campus
31 rue du Général Sarrail, Reims

You will find more information concerning visas and residence permits on the Campus France website: www.campusfrance.org

For non-exchange degree-seeking students :

2.2 HEALTH AND SOCIAL SECURITY

FOR EUROPEAN STUDENTS (exchange and non-exchange students):

You must ask for the European Health Insurance card or the form EI28 from your insurer prior to leaving your home country.

This card allows you to access public health care services in France (doctors, pharmacies, hospitals or clinics).

If these services are not free, the charges will be refunded to you immediately or after you return to your home country.

FOR NON-EUROPEAN STUDENTS (exchange and non-exchange students)

You must subscribe to the French national health care system,

la "sécurité sociale". The two main insurers are the la Mutuelle Générale (MGEL) et La Mutuelle Des Étudiants (LMDE).

There is an annual fee of around 200 euros to join the "student social security system" or "le régime étudiant de sécurité sociale" (RESS).

You can join through either the LMDE or

the MGEL. You pay per year and you must be less than 28 with proper legal status in France. Students who are older than 28 are advised to obtain private health insurance in their home country that includes coverage in France.

Students who stay in France for less than 3 months cannot be covered by the French student social security system.

However many insurers have special offers for them.

Since French social security doesn't cover all medical expenses

(it covers up to 80% of your medical expenses), you are advised to

obtain private, supplemental insurance known in French as "mutuelle" or "complémentaire".

SUPPLEMENTAL MEDICAL INSURANCE ("La Mutuelle")

Supplementary or complementary insurance will cover partially or entirely the difference between the doctor's fee and the refund from the national social security system.

There are special offers for students from € 6.50 per month.

INSURANCE CARD ("Carte Vitale")

Non - European students who have contracted with a primary and / or a mutual insurance at an insurance company will receive an insurance card ("Carte Vitale"). You have to present it every time you go to the doctor's or the pharmacy. It allows you to get medical fees

reimbursed quickly and easily. If you haven't yet received the card

you must present a provisional certificate, pay the fees yourself

and then send the care sheet to your insurer to get reimbursed.

2.3 OPENING A BANK ACCOUNT

You are advised to open a bank account as soon as you arrive if you would like to receive housing aid and refunds for your medical expenses.

It may be useful to ask your home bank if they have a partner bank in France to make opening a bank account and ensuing interbank operations easier. Transferring money between associated banks is also often less expensive.

We recommend that you compare the different services offered by banks. Some have special offers for students and young people under 25 such as free or half-priced bank cards, loyalty schemes, etc.

After you have opened a bank account you will get a check book, a bank card and a RIB. Check books are mostly free of charge whereas bank cards cost 30-40 euros per year. There are usually fees charged for transfers between French banks (€ 0.60 to € 4). Checks are a good alternative and are often used to pay for everyday purchases, rent and bills. If you spend more than you have in your account, you will be charged a steep overdraft fee, also called "agio".

A RIB or «Relevé d'identité bancaire» is a French bank document which details the coordinates of your bank branch or account.

It is required for many financial operations from setting up direct debits to paying your utility bills or rent.

URCA boasts more than 60 student clubs and societies reflecting a large variety of fields and interests such as culture, sport, community and charity etc.
