Pr. Emmanuel GUILLON, ESIREIMS, 3 Esplanade Roland Garros, 51100 Reims, France

tel: 33 (0) 3 26 91 32 43 ; e-mail: emmanuel.guillon@univ-reims.fr

What can I study?

Introduction to the fantastic world of packaging

Topics covered will include:

- Materials,
- Interaction,
- Active and smart materials,
- Packaging machinery,
- Printing technology,
- Packaging physics,
- Life cycle analysis,
- Computer aided design

The session is worth 6 ECTS or 4 US credits.

Teaching will be by interactive sessions on campus by University staff and guest speakers from famous luxury companies, and supported by visits to local factories.

An exciting cultural and social program will include a day visit to Paris, a half-day visit of Reims where French kings were crowned during the French Monarchy, a visit of a Champagne cellar including tasting, and a half-day visit of the Champagne vineyards. Champagne hillsides, houses and cellars are included on the UNESCO World Heritage list.

Reims assets:

Reims, an Art and History City, opens up to you with its three UNESCO World Heritage sites which should not be missed.

Reims is located 30 minutes from the Paris Roissy international airport, 35 minutes from Eurodisney, and 45 minutes from Paris

Who should apply?

Undergraduate and Postgraduate students aiming to gain credits towards their studies.

Those wishing to pursue a career in international packaging project leader.

Fees and scholarships

The fee for students will be 1500 €, For professionals fees will be 1200 € per week (1,2 or 3 weeks),

What's included in the fee?

- Tuition
- Program field trips
- Day trip to Paris
