

48th International Colloquium of GFP

Monday - Friday
25-29 november
2019

Mulhouse, KinePolis Conferences Center

On behalf of the Board of Directors of the French Polymer Society, we are pleased to invite you to Mulhouse, France, to attend the 48th International Colloquium of GFP, Monday - Friday, 25th November - 29th November 2019. This year, the colloquium will be characterized by an international dimension, thanks to the privileged location of Mulhouse, at the border with Germany and Switzerland. We expect between 150 and 180 attendees from a wide range of backgrounds and countries, and from universities, research centers or industry, to report on the most recent advances in domains linked to polymers (synthesis, characterization, processing, properties, applications). Five major topics will be specifically addressed during this meeting : Polymers and light, Polymer interfaces and (nano)composites, Macromolecular and supramolecular engineering, Polymers and sustainable development, Polymer materials : from structure to properties.
