

# LIBRARY STAFF WEEK

REIMS, FRANCE – 30 JUNE → 4 JULY 2025

## How to Train our Students for Tomorrow?

The URCA library invites you to its 2nd Staff Week revolving around user training: come and meet us near Paris, in Reims, to explore the city of Champagne, and to share your experiences as librarians taking part in user training. In workshops, we'll address topics such as the growing use of AI and the need to train our students to use it adequately, the ways in which we can encourage critical thinking against the rise of fake news, and how to manage a new generation of students.
