

“Studying at the Faculty of Management, Economics and Social Science will provide you with the keys to better understand the world, its evolution, its complexity but also to better analyse and shape it by becoming a citizen able to meet the social, societal and economic challenges that state-owned or private organisations you will soon work for are faced with.”

Jean-François ORY, Dean of the Faculty of Management, Economics and Social Science

Our Faculty of Management, Economics and Social Science welcomes 2800 students on two campuses:

the Croix Rouge campus in the city of Reims

the Comtes de Champagne campus in the city of Troyes.

TRAINING COURSES

FULL-TIME EDUCATION

Full-time education corresponds to the traditional path for students, it enables you to take a university degree by acquiring knowledge and skills in a Bachelor's Degree, a Vocational Bachelor's Degree or a Master's Degree. All the training courses of the Faculty of Management, Economics and Social Science are available to full-time education.⁽¹⁾

CONTINUING EDUCATION

Continuing Education is aimed at people already integrated in the professional world. It enables them to acquire and update their knowledge and skills to promote professional development. All the training courses of our faculty are available to continuing education.⁽²⁾

WORK-STUDY COURSES

The courses available for apprenticeship and professional contracts are indicated by a symbol on our training programmes. ✓ The courses allowing a work/study scheme only in the second year of the Master's Degree are indicated by "M2".

RESEARCH TRACK

A research elective course is available in the second year of almost all of our Master's Degrees.⁽³⁾ This elective course enables students to apply for a PhD for the preparation of a thesis in Economics and Management Science.

⁽¹⁾ Except for : Master's Degrees in Sector-based Management with a major in Care Unit Management (Continuing Education only) , in Monetary analysis, Banking services, Finance, Insurance with a major for Individual and Professional Client Account Advisors (apprenticeship only) , one-year University Certificate.

⁽²⁾ Except for: Master's Degree in Monetary Analysis, Banking Services, Finance, Insurance with a major for Individual and Professional Client Account Advisors(apprenticeship only)

⁽³⁾ Except for: Master's Degrees in Accounting, Control, Audit and in Business Management and Administration
